**GGC, Re: I & I Project (Inflow & Infiltration)**

Mike Betz of GGC Engineers presented their summary of public work that GGC is to perform for the Village sewer system to prevent the discharge of storm or surface water from going into the sanitary sewer lines. He advised that the grant money is now in place and offered an agenda for the public meeting to be held August 31, 2010 at 7 PM.

After much discussion and several key questions from Council members concerning the smoke tests, service lateral replacement, the financial impact on residents, end result for savings on water/sewer bills, etc. it was determined that the agenda needed a couple additions/changes made at this time. Mike Betz will make changes and send the completed agenda to Mayor Beth Patrick for her approval.

The project will be presented to the public at a special Council meeting August 31, 2010. Mayor Patrick will place a notice in the Thornville Newsletter and individual letters will be sent to concerned parties who may not see the Newsletter (landlords, etc.) urging all interested residents to attend and ask any questions they may have.

**Zoning Inspector Reinstatement**

Mayor Patrick read a letter from Melissa Brofford stating that she would like to withdraw her letter of resignation as she has worked thru her personal issues for resigning originally and is now able to continue on as Zoning Inspector for Thornville. After some discussion Dayna Patrick made a **motion** to accept Melissa Brofford's letter of withdrawal and reinstate her as Zoning Inspector seconded by Lynne Snider. **Motion passed** by a voice vote of Council 6-0.

**Meeting Adjourned**

With no further discussion forthcoming Brian Dunlap made a **motion** to adjourn seconded by Dayna Patrick. **Motion passed** by a voice vote of Council 6-0.
